## USS Hosts Children with Holiday Party

Employees of USS gave of their time to bring joy into the lives of over 200 needy children living in cars, tents and motels in the cities of Pomona, Montclair and Ontario, California. With crafts, cookie decorating and music to fill their evening the children played while employees hosted them to a special holiday event; USS employees did their part to step-in and step-up to give of their time, money and even the clothes off their backs by providing a clothes closet all in an effort to give a needy child a happy holiday.

*Families filled the First Lutheran Church of Ontario where the USS holiday event was held.*

By providing a few special gifts, crafts and even a warm meal, the children were able to take time to share in a bit of holiday magic designed just for them. While the food was served, holiday decorations were being made by the children and once dinner was com-

plete, a very special guest dropped by to see each and every one of them. As Santa arrived, cheers rang out from the children who were all eager to see and talk to him.

Adel Sayegh, President and CEO of USS said that he was moved by the actions of his employees.

“The USS team did an outstanding job and the joy we felt in sharing in this was not only heartfelt, but important to each and every person who gave of their time to be a part of this event,” he said. “I’m proud that USS sponsored this event and the fact that as a team they were able to bring joy into the lives of children who truly needed it most.”

*Families were fed a hot meal of spaghetti, meatballs and all the fixings along with a host of fun holiday activities to make their day extra special.*

## President's Message

As the year comes to a close, it is with great pride that I share with you a holiday message of hope. As part of our commitment to social responsibility, this year, the USS team decided to give the gift of service and sponsor two special charity events in honor of the holiday season. Employees rolled up their sleeves and helped to plan and take part in hosting a holiday party for 200 homeless children living in cars, tents and motels in and around the Inland Empire in Southern California, about 40 miles from downtown Los Angeles. In addition, the USS team also took part in hosting a holiday party for more than 33 severely developmentally disabled children receiving rehabilitation services at Casa Colina in Pomona, California.

Both of these events, which were planned and executed by my staff, were not only a joy to see, but also moved us to take one step further towards providing other volunteer service opportunities where USS can continue to give back to our community throughout the year. With that in mind, I would like to encourage each and every one of you to give of your time in the New Year as the gift of service is more valuable than any material item and the blessings received are more than just an opportunity – they are small miracles that can change our communities one charity event at a time.

*Adel Sayegh -  
President and CEO of USS.*

May 2008 be your best year ever!  
Adel

## Developmentally Disabled Children From Casa Colina Received Gifts of Love

*Priscilla gave hugs all around and enjoyed the holiday party hosted by USS at Casa Colina which brought tears to the eyes of employees who volunteered to staff the event.*

Susan Stroebel, Resource Specialist at Casa Colina Children's Center in Pomona, California could not believe her eyes. Children were laughing, playing and even talking to strangers and to Stroebel's delight, the strangers were actually employees from USS who volunteered their time to spread a bit of holiday joy to children newborn to 3 years of age that are being treated at the center.

"It was such a gift to have USS step in and provide a holiday party for the families who are receiving serv-

ices here," she said. "These families have so much to deal with and this event gave them a chance to take a break and enjoy their children and share in some good old fashion quality time that focused on the spirit of Christmas."

When Santa arrived, the children were giggling as toys were handed out to all. With bright eyes and smiling faces, a few needy families were able to bask in the glow of the true meaning of the holiday: Season's Greetings!

*The children of Casa Colina sang for USS employees before opening gifts from Santa.*
